

August 17, 2017

Dear Congressman Mast,

My name is Sage Mayer, I am 11 years old and I am a Student Representative for Be Strong. Be Strong is a national organization that helps kids deal with bullying. We all know how important it is to give kids support and advice on how to prevent being harassed or bullied. Too many kids are hurt or die every year by their own hands just to stop hurting. They are bullied because of a lot of things:

The way they look or talk
Their special interests
They are from another country
They don't get it in class
They are doing really well in class
Their religion
They don't have enough money
They have too much money

I hope you support Be Strong as the program has new ways for kids to stand up to bullies. Think of all the kids struggling every day. They just want to be themselves. We need more strong voices and people like you. If you could do a little message or video just saying you support us and we can put on our app it could help a lot. Thank You so much.

Always Strong,

Sage Mayer
Port St Lucie, FL
Be Strong Student State Representative
