

Hello, my name is Emely Mendibles. I attend Salpointe Catholic High School. I am the Be Strong student state representative of Arizona, and the founder of the We Dine Together at Salpointe Catholic High School. We need a change in our school, community, and world. We need to start at a place where the problem really starts. A school filled with “popular groups,” or “non popular groups”. Separated by looks and differences. We Dine Together wants to make that difference. We want to start in our school and then in our community. We invite you to Salpointe Catholic High School to have a meeting where you’d be able to learn more about Be Strong while we Dine Together.
