

Dear Kate Brown,

My name is Shaylee Cooper and I am a Sophomore at Oregon City High School. Officer Plummer of the Oregon City Police Department, along with my vice principal and I, brought “We Dine Together” to my school. “We Dine Together” is a completely student led movement where I make it a priority to create a positive social atmosphere on our campus.

For new, incoming students, the club is a welcoming committee. To others, “We Dine Together” can be a safe haven or space where they can be themselves without the fear of rejection. For the school, “We Dine Together” is a catalyst for real social change. (Wedinetgether.org) The goal of this program is no one sits alone during lunch.

To learn more about Be Strong’s comprehensive approach and how you can help, I provided a supporter checklist along with an open invitation to join us at one of our meetings next school year. Let’s unite as one and help all students in all cities. If you have any questions don’t hesitate to contact me.

Sincerely,

Shaylee Cooper
